

HW3

1. 9 0.5

2. (A) `cin >> description`

(B) `getline ( cin, description)`

3. `#include <iostream>`

`#include <iomanip>`

6. B

8. `unitsEach = static_cast<double>(qty)/salesReps`

10. `x += 5` `total += subtotal` `dist /= rep`

`ppl *= period` `inv -= shrinkage` `num %= 2`

19. `rand()`

25.

```
HW3_25.cpp > main()
1  #include <iostream>
2  using namespace std;
3  int main()
4  {
5      double max, used, available;
6      cout << "Enter the maximum amount of credit: ";
7      cin >> max;
8      cout << "Enter the amount of credit used: ";
9      cin >> used;
10     available = max - used;
11     cout << "The available credit is: " << available << endl;
12     return 0;
13 }
```

```
(base) PS C:\Users\brack\Desktop\C++\programs> & 'c:\Users\brack\AppData\Local\Microsoft\Windows\apps\Microsoft-MIEngine-In-zewhuu5.tky' '--stdout=Microsoft-MIEngine-In-zewhuu5.tky'
Enter the maximum amount of credit: 64
Enter the amount of credit used: 63
The available credit is: 1
(base) PS C:\Users\brack\Desktop\C++\programs>
```

28. ① `lack #include <iostream>`

② `Cout, Cin` → `cout, cin`

③ `cin <<` → `cin >>`

④ `cout << "The sum of the two numbers is " << sum << endl`

⑤ `sum = number 1 + number 2`

35. 6 6.5 0

5.

```
HW3_PC5.cpp > ...
1  #include <iostream>
2  using namespace std;
3  int main()
4  {
5      double gps, wifi, display, total;
6      cout << "Enter the time spent using GPS: ";
7      cin >> gps;
8      cout << "Enter the time spent using WiFi: ";
9      cin >> wifi;
10     cout << "Enter the time spent with display on full brightness: ";
11     cin >> display;
12     total = (148 * gps) + (352 * wifi) + (197 * display);
13     cout << "The total battery consumption is: " << total << " mAh" << endl;
14     return 0;
15 }
```

```
(base) PS C:\Users\brack\Desktop\C++\programs> & 'c:\Users\brack\AppData\Local\Microsoft\Windows\apps\Microsoft-MIEngine-In-zewhuu5.tky' '--stdout=Microsoft-MIEngine-In-zewhuu5.tky'
Enter the time spent using GPS: 1
Enter the time spent using WiFi: 1
Enter the time spent with display on full brightness: 1
The total battery consumption is: 697 mAh
(base) PS C:\Users\brack\Desktop\C++\programs>
```
